CHANGE IN MINIMUM AGE FOR WHATSAPP

The minimum user age for WhatsApp has recently changed from **16** to **13**. This is part of the series of changes WhatsApp is making to its terms and conditions. The new changes are WhatsApp's response to new European regulations, the Digital Services Act and the Digital Markets Act, which require companies to be more clear about how they moderate and deliver content.

WhatsApp have provided the following recommendations for user safety and security:

Keeping users safe and secure

We provide a range of tools, features, and resources to keep users safe. For example, we ensure people can't search for your phone number on WhatsApp, and a user can:

- Choose who can contact you
- Control who can add you to group chats
- Hide your personal information like your last seen and online, profile photo, and about
- Leave group chats silently

SEXTORTION – WHAT PARENTS/CARERS NEED TO KNOW:

On April 29th, 2024, the National Crime Agency CEOP – Child Exploitation and Online Protection alerted schools and educators about the increasing incidence of 'sextortion,' It is reported that there has been global rise in cases, particularly among boys aged 14-18. **However, it is important to remember sextortion poses a threat to individuals of all ages and genders.**

What is sextortion?

Sextortion is a type of blackmail when someone threatens to share nude images or videos of, or sexual information about, someone online unless they are paid money or agree to do something else for them, such as send more images. Sextortion is a crime and can be committed by an individual or a group of people working together. (source: www.childnet.com)

Where can I find out more?

Remember: If your child has sent a nude or semi-nude image or video of themselves and is concerned that this has been or may be shared online, you can take these 3 steps to try and support them in getting it removed:

1. Use **Report Remove**, a tool from Childline and the Internet Watch Foundation. Your child can use this to remove images that have been shared or might be shared.
2. Use **Take It Down**, a tool from the National Center for Missing and Exploited Children. Your child can use this to remove or stop the online sharing of images or videos.
3. Report directly to the platform or app that the incident has occurred on. For advice on how to report to major social media platforms, visit **Internet Matters**.
